
PUPIL SAFETY

The Board of Education recognizes the safety of its pupils as a consideration of utmost importance. The Superintendent shall consult law enforcement agencies, health and social service providers, emergency management planners and other school and community resources in the development of the plans, procedures and mechanisms for school safety. The Superintendent shall oversee development of a district-wide safety program with emphasis on accident prevention.

Facilities

The Superintendent shall maintain all facilities and equipment in proper condition to provide a safe learning environment, ensuring compliance with state law on the handling, labeling and storing of hazardous substances. Safety regarding all aspects of playground equipment and activity will be maintained and supervised in compliance to law and code.

Staff Education and Training

All teachers shall be familiar with the provisions of this program that particularly concern them.

The Superintendent shall inform all newly employed staff of school safety rules and regulations within sixty (60) days of the effective date of their employment. All District employees will receive the appropriate in-service training to recognize and respond appropriately to safety concerns including emergencies and crises, in accordance with the District safety plans, procedures and mechanisms. The District safety plan will be updated annually and all employees will be notified of updates and changes to the safety plan in writing. Regulations concerning use and maintenance of eye protective devices shall be scrupulously enforced by all staff.

Student Supervision

The staff must maintain complete classroom and playground supervision during normal staff hours. The Superintendent shall seek the cooperation of parents/guardians to prevent any children being unsupervised on school property during lunch hour and morning arrival and afternoon dismissal times. Further, the Superintendent shall seek the cooperation of the police and other appropriate agencies in providing for the safety of pupils on or around school property. The Board shall adopt the necessary regulations governing supervision of pupil safety.

No pupil shall leave the school before the end of the school day without permission of the principal or designee. Students may be subject to disciplinary action for conduct away

from school grounds that comes to the attention of appropriate personnel, in accordance with N.J.A.C. 6A:16-7.6.

No pupil shall run errands on school business off the school property unless delineated as part of the course with signed parental consent.

The curriculum shall include courses in safety as required by state law. The Superintendent shall oversee development and implementation of a vocational education safety program correlated with coursework. In development of courses, the safety of participating pupils shall be a primary consideration.

Employers of work/study pupils are required to report to the school principal or his/her designee if a pupil has not reported for work within one hour of the expected arrival time. Other pupils leaving before regular dismissal must be met in the school office and signed out by a parent/guardian or a person authorized to act in his/her behalf.

A record shall be kept indicating the legal custodian of each pupil. Such custodian shall be responsible for informing the building principal of any change in the pupil's custody. If one parent/guardian has been awarded full legal and physical custody of a pupil in a divorce, that parent/guardian is responsible for present to the principal the custody papers. School personnel shall follow a court order with regard to joint custody or court-ordered parenting time. Without a court order, the school shall follow its current record concerning legal guardianship and/or emergency contact information.

Supervision of Students During Dismissal

Dismissal will be supervised. District staff will be assigned to specific locations and given defined responsibilities to supervise student dismissal in each District school facility. Regular and early dismissal will be supervised according to the same protocol unless otherwise specified. The Superintendent is responsible for overseeing the development of protocols that are tailored to the age and needs of the students at each school facility. At a minimum these protocols shall include:

- A. Staff assigned to supervise dismissal, and their locations and responsibilities;
- B. Where children will be retained awaiting appropriate escort and/or designated transportation;
- C. Provisions for supervision when a parent/escort is unable to pick up their child at the appropriate dismissal time; and
- D. Location and presence of municipal crossing guards.

The Board will review the dismissal procedures annually.

Supervision of Non-bused Students at Dismissal

The Board shall require that the parent/guardian notify the school in advance of any arrangements for students requiring appropriate escort or designated transportation. The Board requires signed permission for a student to be dismissed home unescorted.

All documented arrangements will be considered permanent for the entire school year. Parents/Guardians may alter arrangements upon advance prior written notification to the building principal or his/her designee using the escort program's form. The school shall send a confirmation letter of receipt upon receiving written notification from the parent/guardian to alter arrangements. In an emergency situation during the school day in which written notification is not possible due to the nature of the emergency, upon verbal notification in a phone call by the parent/guardian, the principal or his/her designee may temporarily permit an alternate arrangement of a change in the designated escort; however, the principal or his/her designee will require the parent/guardian answer a security question as identification at the time of the call.

Parents/guardians leaving students at school who are to be escorted home will be reported to the proper authorities.

The Superintendent or his/her designee is responsible for the collection of all dismissal arrangements requested by the parents/guardians. The Superintendent or his/her designee is responsible for keeping a record of the dismissal arrangements and implementing the appropriate dismissal supervision in accommodation of these arrangements.

Notification of Dismissal Protocols

The Superintendent or his designee shall ensure that parents are notified of the following:

- A. School calendar including school closure and early dismissal dates and times, and any adjustments to the calendar;
- B. The school dismissal policy;
- C. Dismissal protocol for all bused students, non-bused students and students in school sponsored after-school programs or activities;
- D. Supervision arrangements for students at dismissal;
- E. Emergency plan for supervision of students left at school;
- F. After school program opportunities; and
- G. Procedures for enrolling students in after school programs.

The parent/guardian is responsible for reviewing the school calendar and complying with all school dismissal times and procedures. It is the parents/guardians responsibility to

resume the custody of their child at the end of each school day.

The Superintendent will develop procedures to provide for the following:

- A. For parents/guardians to provide signed acknowledgement of receipt of the school calendar, including all school closure and early dismissal dates, and the school dismissal policy and procedures;

All pupils in grades kindergarten through nine shall be eligible to participate with written authorization of their parent/guardian. Completed fingerprint cards shall be given to the parent/guardian and shall not be retained by the school district or the law enforcement agency.

The Superintendent is directed to provide an orientation program for those pupils for whom fingerprinting has been authorized, and to develop appropriate administrative regulations for the implementation of the voluntary fingerprinting program in the district.

Potentially Missing Children

Attendance practices, the dismissal precautions addressed in this policy and voluntary fingerprinting are part of the District's effort toward early identification of potentially missing children.

The Superintendent will develop procedures that ensure cooperation with law enforcement for substances, weapons and safety. This may include cooperation with law enforcement in the activation of an "Amber Alert" which provides for the rapid dissemination of information, including a description of the missing child through broadcast media.

Release to an Individual Impaired by Drugs/Alcohol Prohibited

The Board believes that allowing a child to be released into the custody of a parent/guardian or other authorized individual who appears to be impaired by drugs or alcohol can have tragic consequences. Therefore, the Board prohibits release of a pupil

into the custody of any person who appears to be physically and/or emotionally impaired to the extent that harm could come to the pupil if released to such a person. The Superintendent or his/her designee shall make the final determination as to whether an individual is impaired.

Possessions

Parents/guardians are requested not to permit their children to bring expensive or fragile objects to school and to label or otherwise identify clothing, books and personal items. The Board is not responsible for items destroyed or stolen from lockers, desks, and/or book bags.
