

INTRAMURAL COMPETITION; INTERSCHOLASTIC COMPETITION

The Board considers all competitive extracurricular activities -- academic, artistic and athletic -- an integral part of the total educational program. Competitive activities will be under the same Administration and control as the rest of the school program and closely articulated with it.

Competitive activities can provide pupils with valuable experiences and opportunities. In the Pennsville School District, the emphasis in any competition -- intramural or interscholastic -- will be on providing such experiences and opportunities; rather than on producing winning teams or providing entertainment. Practice for, or performance in any competitive event will not interfere with the regular educational program.

The Board must approve all proposed interscholastic competition, either as a schedule or as a discrete event, whichever is appropriate. The Board must approve membership in any leagues, associations and conferences, and any agreements with other schools for a series of games or events. Contests of any kind between and among the schools of the District will be approved by the Superintendent or his/her designee.

The Board will appoint coaches, advisors, physicians and other necessary supervisory personnel upon recommendation of the Superintendent or his/her designee. The Superintendent or his/her designee will also ensure that training programs/regulations are developed for all extracurricular athletic activities, and that all physical facilities involved in any competition in which District schools take part, are adequate, safe and sanitary.

Public recognition shall be given to participants in academic or artistic competitions in the same measure as to athletic competitors. The District's Affirmative Action resolution and plan for equity in school and classroom practices will apply to determining eligibility for competition, approval of each competitive activity in which pupils officially represent the District, and District expenditure to provide facilities and coaches.

Parental Consent

No pupil may participate in a school sponsored physical activity outside the regular physical education curriculum without a signed consent form from a parent/guardian naming the activity and acknowledging that the activity may be hazardous.

Academic Eligibility

Academic standards for eligibility shall be those established by Policy 6145 Extracurricular Activities.

**INTRAMURAL COMPETITION;
INTERSCHOLASTIC COMPETITION (continued)**

File Code: 6145.1/6145.2

Attendance Standards

Attendance standards shall be those set in Policy 5113 Absences and Excuses. In particular, a pupil shall not participate in a performance, exhibition, practice or athletic event unless he/she has been present in school that day or has been absent for an excused reason other than for sickness.

Disciplinary Standards

Disciplinary standards are based on board policies 5114 Suspension and Expulsion and 5131 Conduct/Discipline. Pupils on disciplinary probation or serving a detention or suspension may not practice, perform or compete. The Superintendent or his/her designee and the Building Principal or his/her designee will decide at the end of a probation or suspension whether the pupil may return to practice and competition.

Special Education Pupils

To participate in interscholastic competition, special education pupils must meet the same requirements listed above in conformity with IEPs.

Physical Eligibility

All pupils in grades seven through twelve participating in intramural or interscholastic athletics must be given a medical examination within 365 days prior to the first practice session, with a health history update if the examination was completed more than 60 days prior to the first practice session of the first sport participated in. The medical examination shall be given at the student's medical home, as defined in Policy 5141.3 Health Examinations and Immunizations. If a student does not have a medical home, the school physician will conduct the medical examination. Examinations shall be made available throughout the school year consistent with the District athletic schedule. The examination shall be documented on the form approved by the Commissioner of Education and include, as a minimum, the components listed in the applicable provision of the New Jersey Administrative Code. In the event a private physician is used, the medical examination will not be at the expense of the Board.

The parents/guardians shall be sent written notification signed by the examining physician testifying to the pupil's physical fitness to participate in athletics. The reason for the physician's disapproval of the pupil's participation shall be included in the notification. The health findings of the medical examination for participation in athletics shall be made part of the general health examination record.

The Superintendent or his/her designee shall present to the Board for adoption procedures for administration of the required medical examination. The procedures for the medical examination to determine the fitness of a pupil to participate in athletics shall include a form for a medical history to be filled out and returned by a parent/guardian and a form to be filled out by the examining physician.

The pamphlet includes a description of early warning signs and privately available screening options.

Good Sportsmanship

The Board believes that instilling habits of good sportsmanship should be one of the primary goals of athletic endeavors and that all District employees should model good behaviors in this area.

It is especially important that the athletic director and coaches accept the responsibility for encouraging young athletes to handle themselves in a sportsmanlike way and be models of self-control and dignity for players and spectators. Coaches shall include discussions on courtesy and sportsmanlike behavior as part of pre-game activities.

Parents/guardians and other adult spectators shall also be encouraged to act as models for young people by demonstrating self-control and dignity at all athletic events.

Unsportsmanlike behavior as exhibited through verbal abuse, rude gestures, taunts, obscenities, thrown objects, etc., shall not be tolerated in students, staff or any persons in attendance at District athletic competitions. Discipline may include, but not be limited to, eviction from the competition and prevention from attending further competitions.
