**INSTRUCTIONAL SERVICES AND RESOURCES**

The Board believes that personnel and materials appropriate to the needs of the school program must be available to each pupil and teacher.

To be in compliance with the requirements of Federal Law, the Board directs the Superintendent or his/her designee to distribute curriculum materials and instructional supplies to the schools in such a way that equivalence of such materials is ensured among the schools. Staff assignments will also comply with this directive.

The District will adhere to and follow applicable State and Federal Laws concerning student assessment and achievement.

The Board will endeavor to provide the supportive resources and personnel necessary for teachers to implement the approved curriculum in their classrooms and work effectively with students.

It will be the Administration's responsibility to set up and maintain such central services for curriculum materials, including audiovisual materials, as needed and appropriate channels through which teachers and pupils will be supplied with these resources.

In addition, there will be a Media Resource Center and Media Specialist to offer children instruction and teachers assistance in selecting and using learning resources.
