

As part of our continuing effort to make information about your school district as accessible and convenient as possible, the Pennsville School District is proud to announce the creation of an app for your phone!

The Pennsville School District App puts everything at your fingertips: the district calendar, school phone numbers, lunch menus, BOE policies, athletic events and much more.

The District iPhone/Android app can be downloaded to your iPhone or Android device. Just type "Pennsville" into the store app search for your phone, download and enjoy.

(The iPhone app can be used on the iPad as well. Using your iPad, follow the directions above, then select "iPhone only" in the top left corner where it says "ipad only". Download.)
